

DOC. NO. 07/0337, APPENDIX D, REV: **B** - EN

PARTS/CAPABILITY LIST IN TERMS OF EN 9110

Statement of Compliance

All the items listed in this maintenance capability list are within the approved scope of EN9110 certificate. It is guaranteed that FACC is qualified for housing & facility, tools & equipment, materials, airworthiness documentation and personnel listed in the maintenance capability list, has the working instruction as requested and needed in place and meets applicable requirements constantly.

Any change and revision of this maintenance capability list has to be reported **prior** release to the maintenance manager of FACC for acceptance and afterwards signed. Also the Capability list must be updated prior starting the maintenance resp. prior issuing the CoC at the latest.

Remark: For the documentation of new capabilities, please use appendix H of the QAP if started by FSI Montreal resp. appendix M of the MOE if started by FACC in Austria.

Note: If this appendix D is revised separately from the main document, it is not necessary to add the signatures from the main document.
